well be, time will come when the ethanol will, in fact, be the by-product and some other product from this process will be the major financial component. I would like to point out also that we have, as I have pointed out, seen the accent upon developing the ETBE industry, which is a further derivative of the ethanol distillation. I have to explain and apologize that many years ago I didn't know how far we were going to go on this but we have come quite a ways.

SENATOR HABERMAN: All right, Senator Schmit and members of the body, for the record, as I understood Senator Schmit that the amendments and the bill pertain to the use of grain. That is what Senator Schmit said. That, I will buy. I will support the issue...

SPEAKER BARRETT: One minute.

SENATOR HABERMAN: ...due to the fact that it says, "and the intent is the use of grain". I'm not saying Nebraska grain. I'm not putting any strings on this thing but that is what the bill does. That's what it's to be used for and that I will buy. Thank you, Senator Schmit.

SPEAKER BARRETT: Anything further on the bill? Any closing comment, Senator Schmit?

SENATOR SCHMIT: No closing, Mr. President.

SPEAKER BARRETT: Thank you. The question before the body is the advancement of LB 587 to E & R Initial. Those in favor vote aye, opposed nay. On the advancement of the bill, have you all voted? Please record.

CLERK: 27 ayes, 0 nays, Mr. President, on the advancement of LB 587.

SPEAKER BARRETT: LB 587 is advanced. Senator Roger Wehrbein is announcing the presence of a very special guest from Plattsmouth, Jan Stuckey. Jan, would you please stand and take a bow. Thank you. Glad you are here. For the record, Mr. Clerk.

CLERK: New bills, LB 89A by Senator Lynch. (Read for the first time by title.) LB 574A by Senator Rogers. (Read for the first time by title.) LB 569A by Senator Rogers. (Read for the first
